Vintage Specific Characteristics:

The 2007 vintage was fabulous for "Artist Series", nicer even than the fantastic 2006. We achieved perfect ripening with physiological maturity achieved through shoot thinning, leaf stripping, and green harvesting and generally improved cultural practices throughout the vineyards. All fruit was in by the third week of October.

This Cabernet Sauvignon was fermented in very small stainless steel tanks and was punched down or pumped over twice a day. Aging in French Chateaux barrels has produced a well proportioned, complex and generous red wine. Of our own doing, we have chosen to back off on the use of new oak in this wine as these vineyards have gotten older allowing them to express a sense of place.
